RECEIVED

HOUSE OF REPRESENTATIVES

Dear Governor Culver:

Per Iowa Code 12E.15, the Tobacco Settlement Authority (the "TSA") is required to file an annual report regarding its activities for the previous fiscal year. I have enclosed the TSA's financial statements and independent auditors' report for fiscal year ending June 30, 2009.

Legislation passed by the 2008 General Assembly authorized the Tobacco Settlement Authority to securitize the remaining 22% of TSRs. The statute required a minimum of \$183 million dollars in net proceeds that would be used for capital infrastructure projects. A meeting of the TSA was held on December 12, 2008 and it was determined that securitizing the remaining 22% of funds in the current market would not meet the legislation's minimum requirements.

The 2009 General Assembly folded the projects that were to be funded by the TSA securitization into the I-Jobs bonding legislation. There are no plans at this time to securitize the remaining Tobacco Settlement income.

Respectfully submitted,

A handwritten signature in cursive script that reads "Michael L. Fitzgerald".

In accordance with your request, we are attaching the accompanying PDF file, which contains an electronic final version of the financial statements for the Tobacco Settlement Authority as of and for the year ended June 30, 2009. We understand that your request for the electronic copy has been made as a matter of convenience. You understand that the electronic transmission is not entirely secure and that it is possible for confidential financial information to be intercepted by others.

These financial statements and our report on them are not to be modified in any manner. This final version supersedes all prior drafts. Any preliminary draft version of the financial statements previously provided to you in an electronic format should be deleted from your computer, and all printed copies of any superseded preliminary draft versions should likewise be destroyed.

Professional standards and our firm policies require that we perform certain additional procedures whenever our reports are included, or we are named as accountants, auditors or "experts," in a document used in a public or private offering of equity or debt securities. Accordingly, as provided for and agreed to in the terms of our arrangement letter, the Organization will not include our reports, or otherwise make reference to us, in any public or private securities offering without first obtaining our consent. Any request to consent is also a matter for which separate arrangements will be necessary. After obtaining our consent, the Organization also agrees to provide us with printer's proofs or masters of such offering documents for our review and approval before printing and with a copy of the final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when the Organization seeks such consent, we will be under no obligation to grant such consent or approval.

Thank you for the opportunity to serve Tobacco Settlement Authority.

Independent Auditor's Report

The Board of the Tobacco Settlement Authority
Des Moines, Iowa

We have audited the accompanying financial statements of the governmental activities and the General Fund of the Tobacco Settlement Authority (the Authority), a component unit of the State of Iowa, as of and for the year ended June 30, 2009, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Tobacco Settlement Authority, as of June 30, 2009, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2009 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 6 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

**Management's Discussion and Analysis
Year Ended June 30, 2009**

We present the financial statements of the Tobacco Settlement Authority (the Authority) and offer readers of these financial statements this narrative overview and analysis of the financial activities of the Tobacco Settlement Authority for the year ended June 30, 2009.

Financial Highlights

The liabilities of the Tobacco Settlement Authority exceeded its assets at the close of the most recent fiscal year by \$61,667,427 (net assets). For the year ended June 30, 2008, liabilities exceeded assets by \$12,485,699.

The Authority's total net assets decreased \$49,181,728 during the fiscal year ended June 30, 2009.

As of the close of the current fiscal year, the Authority's General Fund reported an ending fund balance of \$702,986,132, a decrease of \$64,128,508. Approximately 92 percent of this total amount, \$648,364,986, is reserved for specific purposes.

Overview of the Financial Statements

This Discussion and Analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Activities presents information showing how the Authority's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Management's Discussion and Analysis
Year Ended June 30, 2009

Fund financial statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Authority's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance (Deficit) provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Notes to financial statements: The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of the Authority's financial position. The Authority's total net assets have decreased from a year ago. Table 1 reflects total net assets of \$(61,667,427) as of June 30, 2009, which represents a decrease of \$49,181,728 from June 30 2008.

**Management's Discussion and Analysis
Year Ended June 30, 2009**

The Authority's total assets decreased \$64,619,984 due to a decrease in the advance to the State. Total liabilities decreased \$15,438,256, primarily due to debt payments.

The Authority's total net assets decreased \$49,181,728 during the current fiscal year. Table 2 highlights the Authority's revenues and expenses for the year ended June 30, 2009. These two main components are subtracted to yield the change in net assets. This table utilizes the full accrual method of accounting.

Financial Analysis of the Governmental Fund

As noted earlier, the Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

As of the end of the current fiscal year, the Authority's General Fund reported an ending fund balance of \$702,986,132, a decrease of \$64,128,508 in comparison to the prior year. Approximately 8 percent of this amount, \$54,621,146, constitutes unreserved fund balance. The remainder of the fund balance is reserved.

Debt Administration

As of June 30, 2009, the Authority had \$764,058,009 in outstanding revenue bonds. In the current year, the Authority paid \$20,540,000 in principal and \$51,111,851 in interest on outstanding debt.

Additional information about the Authority's long-term debt can be found in Note 3 to the financial statements.

Economic Factors

The Authority pledged all surplus collections, if any, to the turbo redemption of Series 2005 bonds. Tobacco settlement revenue, the primary revenue source for the Authority, is dependent on future tobacco product sales. The amount of future revenue recognized by the State of Iowa and provided to the Tobacco Settlement Authority could, therefore, be adversely impacted by consumption trends within the tobacco industry.

Contacting the Authority's Financial Management

These financial statements and discussions are designed to provide our citizens, taxpayers, investors and creditors with a complete disclosure of the Authority's finances and to demonstrate a high degree of accountability. If you have questions about this report or need additional information, please contact the State Treasurer's Office, Lucas State Office Building, Des Moines, Iowa 50319.

**Tobacco Settlement Authority
(A Component Unit of the State of Iowa)**

Notes to Financial Statements

Note 1. Nature of Operations, Reporting Entity, Measurement Focus and Basis of Accounting and Significant Accounting Policies

Nature of operations:

The Tobacco Settlement Authority (the Authority) was authorized by the provisions of Chapter 12E of the Code of Iowa on May 19, 2000. The purposes of the Authority include to: (a) implement and administer a program plan and to establish a stable source of revenue to be used for purposes designated in Chapter 12.65 of the Code of Iowa, (b) enter into sales agreements, (c) issue bonds and enter into funding options including refunding and refinancing its debt and obligations, (d) sell, pledge, or assign, as security, all or a portion of the State of Iowa's (State) share, to provide for and secure the issuance of its bonds, (e) invest funds available to provide for a source of revenue in accordance with the program plan, (f) enter into agreements with the State for the periodic distribution of amounts due the State under any sales agreement, (g) refund and refinance the Authority's debts and obligations, and to manage its funds, obligations, and investments as necessary, (h) sell, pledge, or assign, as security or consideration, all or a portion of the State's share to implement alternative funding options, and (i) implement the purposes of Chapter 12E of the Code of Iowa.

Reporting entity:

The Authority is a component unit of the State of Iowa. The basic financial statements of the Authority are included in the State's comprehensive annual financial report.

For financial reporting purposes, the Authority has included all funds, organizations, agencies, boards, commissions and authorities. The Authority has considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Authority are such that exclusion would cause the Authority's basic financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Authority to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Authority. The Authority has no component units which meet the GASB criteria.

Measurement Focus and Basis of Accounting:

The Authority-wide basic financial statements are reported using the "economic resources measurement focus" and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows.

**Tobacco Settlement Authority
(A Component Unit of the State of Iowa)**

Notes to Financial Statements

Note 1. Nature of Operations, Reporting Entity, Measurement Focus and Basis of Accounting and Significant Accounting Policies (Continued)

Governmental fund basic financial statements are reported using the "current financial resources measurement focus" and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days after the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Authority-wide and fund basic financial statements: The basic financial statements combine both an Authority-wide perspective and governmental perspective.

The Authority is classified as a special revenue fund in the State's comprehensive annual financial report. Special revenue funds account for the proceeds of specific revenue sources (other than permanent or capital projects) legally restricted to expenditure for a specified purpose. The difference between assets and liabilities are referred to as "fund balance."

The Authority-wide basic financial statements, the Statement of Net Assets (Deficit) and the Statement of Activities, report information on all of the activities of the Authority. Governmental activities generally are those normally financed through taxes, intergovernmental revenues and other nonexchange revenues.

The Authority's board consists of the Treasurer of State, Auditor of State and the Director of the Department of Management of the State.

Master Settlement Agreement: On November 23, 1998, a Master Settlement Agreement (MSA) was entered into between 46 states (including the State of Iowa) and the four major tobacco industry manufacturers. The MSA represents the resolution of a large potential financial liability of the tobacco industry manufacturers for smoking-related injuries. The 46 states agreed to settle all past, present and future smoking-related claims against the tobacco industry manufacturers in exchange for agreements and undertakings by the tobacco industry manufacturers concerning a number of issues.

The MSA sets forth the schedule and calculation of payments to be made by the tobacco industry manufacturers to the states. These payments are subject to various adjustments and offsets. Payments to be received under the MSA include:

- Five initial payments, the last of which was paid in January 2003;
- Annual payments which are required to be made on April 15 of each year and will continue in perpetuity; and
- Ten strategic contribution fund payments which are required to be made annually on April 15, from April 15, 2008 through April 15, 2017.

**Tobacco Settlement Authority
(A Component Unit of the State of Iowa)**

Notes to Financial Statements

Note 1. Nature of Operations, Reporting Entity, Measurement Focus and Basis of Accounting and Significant Accounting Policies (Continued)

Program plan: Chapter 12E.10 of the Code of Iowa directs the Authority to establish a Tobacco Settlement Program Plan (Program Plan) to provide the State with a secure and stable source of revenue for the purposes designated in Chapter 12.65 of the Code of Iowa. These purposes relate to health care, substance abuse treatment and enforcement, tobacco use prevention and control, and other purposes related to the needs of children, adults and families in the State and to create a savings account for healthy Iowans invested to provide an ongoing source of investment earnings.

The Program Plan was submitted to the Legislature and Executive Council of the State. Implementation of the Program Plan was authorized by a constitutional majority of each house of the General Assembly and approved by the Governor of the State.

Sales Agreement: Upon approval of the Program Plan, the State and the Authority entered into a sales agreement in which the State agreed to sell to the Authority all of its right, title and interest in certain amounts payable to the State under the MSA. In return, the Authority agreed to issue tobacco settlement bonds and remit the net bond proceeds to the State.

The sales agreement includes the following provisions:

The net proceeds shall be used solely for the benefit of the State, including for payment of all amounts due and to become due to the State pursuant to this Agreement, the Act or other applicable law. The Authority shall administer and invest the Trust Fund in accordance with the Act and this Agreement. It is agreed that consistent with Section 4.03 and Section 5.05, the State, through an Authorized Officer, and the Authority, through an Authorized Officer, are authorized to execute a Tax Agreement with respect to each series of tax-exempt Tobacco Bonds. The Authority shall establish and maintain two accounts within the Trust Fund named the Tax-Exempt Bond Proceeds Restricted Capital Funds Account (the "Restricted Capital Funds Account") and the Endowment for Iowa's Health Account (the "Health Endowment Account").

Notes to Financial Statements

Note 1. Nature of Operations, Reporting Entity, Measurement Focus and Basis of Accounting and Significant Accounting Policies (Continued)

Restricted Capital Funds Account: The Authority shall deposit the net proceeds of any Tax-Exempt Tobacco Bonds issued to provide funds for capital projects, certain debt service on outstanding obligations that funded capital projects (other than Tax-Exempt Tobacco Bonds issued for Section 12.65 purposes) and attorney fees related to the MSA in the Restricted Capital Funds Account pursuant to Section 12E.12(1)(b)(1) of the Act. All moneys in the Restricted Capital Funds Account, including all dividends, investment income, securities, investments and other assets acquired by or through the use of such moneys, shall be moneys of the State and shall be held by the Authority solely for the benefit of the State until appropriated by, or paid or transferred to, the State pursuant to the Act and/or this Agreement. The Authority shall invest all moneys in the Restricted Capital Funds Account from any issuance of Tax-Exempt Tobacco Bonds in accordance with the terms of this Agreement, the Act and the Tax Agreement relating to any such Tax-Exempt Tobacco Bonds. Promptly upon the State's request from time to time, the Authority shall pay to the State from the Restricted Capital Funds Account such amounts as may be required to either reimburse the State for all payments of attorney fees related to the MSA made by or on behalf of the state after the original closing date or to provide funds sufficient to enable the State to make all payments of such attorney fees. Attorney fees related to the MSA include the attorney fees or other amounts payable to certain Iowa Special Counsel as set forth in the Amendment to Engagement and Contingency Agreement dated November 1999 between the State and such Iowa Special Counsel. The Authority has \$22,178,906 of restricted cash and investments in the account as of June 30, 2009.

Health Endowment Account: The Authority shall deposit the net proceeds of any Taxable Tobacco Bonds or Tax-Exempt Tobacco Bonds issued to provide funds for Section 12.65 Purposes in the Health Endowment Account pursuant to Section 12E.12(1)(b)(2) of the Act. All other moneys of the Authority not pledged to the payment of Tobacco Bonds or otherwise obligated shall be deposited in the Health Endowment Account of the Trust Fund. Such moneys include the unencumbered TSRs, the Assigned Attorney Fees, any pledged TSRs that are subsequently released free and clear from the pledge and lien to the payment of the Tobacco Bonds (and after a payment or provision for payment by the Authority of Operating Expenses) and any moneys appropriated by the State for deposit in the Health Endowment Account. All moneys in the Health Endowment Account, including all dividends, investment income, securities, investments and other assets acquired by or through the use of such moneys, shall constitute moneys of the Authority until paid or transferred to the State in accordance with the Act or appropriated by the State pursuant to applicable law for Section 12.65 purposes or other lawful purposes. The Authority shall hold in trust and invest all of the moneys and assets in the Health Endowment Account for the sole benefit of the State in accordance with the terms of this Agreement and the Act. In addition, the Authority shall hold in trust, use and invest the net proceeds of any series of Tax-Exempt Tobacco Bonds deposited in the Health Endowment Account and the investment earnings thereon in accordance with the Tax Agreement relating to such series of Tax-Exempt Tobacco Bonds.

Notes to Financial Statements

Note 1. Nature of Operations, Reporting Entity, Measurement Focus and Basis of Accounting and Significant Accounting Policies (Continued)

Tobacco Settlement Asset-Backed Bonds, Series 2001: The Authority issued Tobacco Settlement Asset-Backed Bonds, Series 2001 (Series 2001 Bonds), dated October 25, 2001, in the amount of \$644,245,000. The Series 2001 Bonds were advance refunded from the proceeds of the Tobacco Settlement Asset-Backed Bonds, Series 2005 issued November 30, 2005.

Tobacco Settlement Asset-Backed Bonds, Series 2005: The Authority issued Tobacco Settlement Asset-Backed Bonds, Series 2005 (Series 2005 Bonds), dated November 30, 2005, in the amount of \$831,962,030.

The Series 2005 Bonds contain turbo redemption features, which require all tobacco revenue collections in excess of operating expenditures and scheduled debt service be applied to the redemption of the bonds. The turbo redemptions are not scheduled amortization payments and are to be made only from surplus collections, if any. Failure to make a turbo principal payment will not constitute default.

Significant accounting policies:

The basic financial statements of the Authority have been prepared in conformity with U.S. generally accepted accounting principles, as applied to governmental units. The more significant of the Authority's accounting policies are described below.

Cash equivalents: The cash balances of the Authority are pooled and invested by the Treasurer of State. All highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. Investments not meeting the definition of cash equivalents as of June 30, 2009 include a guaranteed investment contract totaling \$59,198,916.

Investments: Investments in guaranteed investment contracts are reported at fair value determined by the fund's carrying value, which approximates fair value.

Due from State/Advance to the State: The receivable consists primarily of the amount the State of Iowa has committed from the future amounts to be received by the State under the Master Settlement Agreement.

Deferred charges: Deferred charges represent bond issuance costs which are deferred and amortized as an adjustment to interest expense over the life of the related bond issue using the straight-line method.

Bond discounts: Bond discounts are deferred and amortized as an adjustment to interest expense over the life of the related bond issue using the effective interest method.

**Tobacco Settlement Authority
(A Component Unit of the State of Iowa)**

Notes to Financial Statements

Note 1. Nature of Operations, Reporting Entity, Measurement Focus and Basis of Accounting and Significant Accounting Policies (Continued)

Bonds payable: The Authority reports bonds payable at face value, net of discounts and accretion of capital appreciation. Bond discounts and issuance costs are capitalized and amortized over the life of the related debt in the Authority-wide basic financial statements. The governmental fund basic financial statements recognize bond discounts, as well as bond issuance costs, in their entirety, during the current period. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Gains and losses associated with the reacquisition of bonds payable are amortized over the remaining life of the refunded debt for the Authority-wide basic financial statements. In the Authority-wide statements, such gains and losses arise from the difference between the repurchase price and the par value of the bonds, along with any forfeited unamortized bond discount and costs of issuance amounts.

Interest expense is recognized on the accrual basis in the entity-wide basic financial statements. Interest expenditures are recognized when paid in the individual governmental fund basic financial statements.

Fund balance: The financial activities of the Authority are restricted by bond resolution and legislative intent. In the fund basic financial statements, governmental funds report reservations of fund balance for amounts not available for appropriation or legally restricted by outside parties for use for a specific purpose.

Use of estimates: Management of the Authority has made a number of estimates and assumptions relating to the reporting of assets, liabilities, revenues and expenses and the disclosure of contingent assets or liabilities to prepare these basic financial statements in conformity with U.S. generally accepted accounting principles. Actual results could differ from those estimates.

Net assets: Net assets represents the difference between assets and liabilities. Net assets are reported as restricted when there are limitations imposed on their use through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Authority has restricted net assets of \$81,588,603 for debt service by debt agreement and sales agreement. The Authority first applied restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Note 2. Deposits and Investments

The cash balance of \$4,742,787 was held by the State Treasurer in pooled money funds. Investments as of June 30, 2009 are as follows:

Investment Type	Fair Value	Investment maturities (in years)			Concentration
		Less than 1	1 - 2	3 - 5	
Open-End Mutual Fund	\$ 22,178,906	\$ 22,178,906	\$ -	\$ -	26%
State Treasurer's Investment Pool	4,742,787	4,742,787	-	-	5
Guaranteed Investment Contract, Security Benefit Life Insurance Co.	59,198,916	-	-	59,198,916	69
Total	\$ 86,120,609	\$ 26,921,693	\$ -	\$ 59,198,916	100%

Interest rate risk: The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk: Under bond resolutions of the Official Statement of the Tobacco Settlement Asset-Backed Bonds, Series 2005, the Authority is authorized to invest in defeasance collateral; noncallable senior debt obligations of U.S. government-sponsored agencies that are not backed by the full faith and credit of the U.S. government; demand and time deposits in or certificates of, or banker's acceptances issued by, any bank or trust company, savings and loan association or savings bank; municipal obligations of any state of the United States or the State or any political subdivision thereof; commercial or finance company paper; repurchase obligations; securities bearing interest or sold at a discount issued by any corporation incorporated under the laws of the United States or any state, municipality or political subdivision thereof; units of taxable money market funds; investment agreements, forward delivery agreements, or guaranteed investment contracts rated, or with any financial institution or corporation; and other obligations, securities, agreements or contracts that are noncallable and are acceptable to each nationally recognized rating service agency.

The Authority's investments in the open-end mutual fund, the State Treasurer's investment pool, and the guaranteed investment contract are not subject to credit risk categorization.

Concentration of credit risk: The Authority places no limit on the amount that may be invested in any one issuer. Concentration percentages by investment type are included in the above table.

Custodial credit risk: The Authority's deposits in financial institutions were covered by the Federal Deposit Insurance Corporation or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. The Authority's investments are all held by the State of Iowa or held by the State of Iowa's agent in the name of the Authority. The Authority's investments in the open-end mutual fund, the State Treasurer's investment pool, and the guaranteed investment contract are not subject to custodial credit risk.

Note 3. Bonds Payable

The Tobacco Settlement Asset-Backed Bonds were issued in five series: the Series 2005 A Bonds in the principal amount of \$222,910,000, which are federally taxable turbo term bonds, the Series 2005 B Bonds in the principal amount of \$159,368,793, which are federally tax-exempt turbo convertible capital appreciation bonds, the Series 2005 C Bonds in the principal amount of \$412,725,000, which are federally tax-exempt turbo term bonds, the Series 2005 D Bonds in the principal amount of \$15,775,344, which are federally tax-exempt turbo convertible capital appreciation bonds payable only when no current interest bond or convertible capital appreciation bond remains outstanding and the Series 2005 E Bonds, which are federally tax-exempt turbo convertible capital appreciation bonds, in the principal amount of \$21,182,893, which are federally tax-exempt turbo convertible capital appreciation bonds payable only when no current interest bond, convertible capital appreciation bond or Series D Bond remains outstanding.

The bonds bear interest at rates of 5.375 percent to 7.125 percent and mature in varying annual amounts ranging from \$1,830,000 to \$360,990,000 with the final term and capital appreciation maturities due in the year ending June 30, 2046. The balance outstanding on June 30, 2009 was \$764,058,009 (\$1,320,885,000 net of unamortized bond discounts and deferred amounts of \$556,826,991).

The bond documents include the following provisions:

- (a) The Series 2005 Bonds are special revenue obligations of the Authority secured by, and payable solely and only out of, the monies, assets or revenues pledged by the Authority pursuant to the Indenture. The bonds are not a general obligation or general indebtedness of the Authority and do not constitute an obligation or indebtedness of the State or any political subdivision of the State. The Authority may not pledge the credit or taxing power of the State or any political subdivision of the State or create a debt or obligation of the State. The Authority has no taxing power. The Series 2005 Bonds constitute neither a general, legal or moral obligation of the State or any of its political subdivisions and the State has no obligation or intention to satisfy any deficiency or default of any payment of the bonds.

(A Component Unit of the State of Iowa)**

Notes to Financial Statements

Note 3. Bonds Payable (Continued)

- (b) The Series 2005 A, B and C bonds are secured by and are payable solely from (i) 78 percent of the future amounts to be received by the State of Iowa under the MSA, (ii) investment earnings on certain accounts pledged under the bond indenture, (iii) amounts held in the debt service reserve account established under the bond indenture, (iv) amounts held in other accounts established under the Bond indenture and (v) certain rights of the Authority as specified in the sales agreement. Subject to the prior payment rights of the Series 2005 A, B and C bonds, the Series 2005 D and E bonds will be similarly secured and payable from the same sources, except the debt service reserve account will not be available as security.
- (c) The "Turbo Redemptions" of the term bonds represents the requirement to apply 100 percent of all collections which are in excess of requirements for the funding of operating expenses and the debt service account to the special mandatory par redemption of the Series 2005 Bonds on each distribution date in ascending order of maturity and pro rata within a maturity for the Series 2005 A Bonds and by lot within a maturity for all other Series 2005 Bonds.
- (d) The proceeds of the Series 2005 Bonds, except as deposited in the debt service reserve account, are not pledged to the payment of, and therefore are not available to the holders of, the Series 2005 bonds.
- (e) A bond fund is established with the bond indenture trustee and money will be deposited in the fund as provided in the bond indenture. The money will be held in trust and, except as otherwise provided in the bond indenture, will be applied solely to the payment of debt service. The bond fund includes the debt service account, the debt service reserve account, the extraordinary prepayment account and such other accounts as deemed necessary. The amount in the required debt service account is \$22,178,906 as of June 30, 2009.
- (f) The debt service reserve account was funded from bond proceeds in the amount of \$59,198,916. The account will be available to pay (i) the principal and interest on the Series 2005 A, B and C bonds to the extent collections under the MSA are insufficient and (ii) after an event of default, extraordinary prepayments. Amounts in the debt service reserve account will not be available to make (a) turbo redemptions on any bonds or (b) any payment of Series 2005 D or Series 2005 E bonds. Upon the occurrence of an event of default, the outstanding bonds will be prepaid pro-rata among all outstanding bonds and other unpaid amounts due on the bonds will be paid from available funds.
- (g) If an event of default has occurred, collections remaining after the payment of certain expenses and all current and past due interest on bonds will be deposited in the extraordinary prepayment account and will be applied, together with amounts in the debt service account, the debt service reserve account, the extraordinary prepayments account and the partial lump sum payment account, to the extraordinary prepayments of the bonds for principal or, in the case of capital appreciation bonds, the accreted value of outstanding bonds will be paid, in whole or in part, on each succeeding distribution date. The accreted value of capital appreciation bonds and any interest that has accrued will be payable only after all other bonds have been fully paid.

Total bonds payable	\$ 778,959,080	\$ -	\$ (14,901,071)	\$ 764,058,009	\$ 19,692,251

Note 4. Debt Defeasance

During the year ended June 30, 2006, the Authority issued \$664,552,153 in revenue bonds with interest rates ranging from 5.375 percent to 6.50 percent to advance refund \$639,460,000 of outstanding Tobacco Settlement Asset-Backed Bonds, Series 2001 A and 2001 B with interest rates ranging from 5.30 percent to 6.79 percent.

Net proceeds of \$594,662,216, combined with \$19,715,522 of trapping account and \$52,467,154 of debt service reserve funds totaling \$666,844,892 were placed in an irrevocable escrow trust fund with the Bank of New York as trustee. The escrow fund is sufficient to fully service all remaining principal and interest due on the bonds. The Tobacco Settlement Asset-Backed Bonds, Series 2001 A will be paid from escrow on the respective maturity or redemption dates, at the redemption prices (as expressed as percentages of the principal amount of the refunded bonds to be redeemed) as follows:

	Maturity Date	Redemption Price
Series 2001 B Term Bonds	June 1, 2010	101%
Series 2001 B Term Bonds	June 1, 2011	101

Notes to Financial Statements

Note 4. Debt Defeasance (Continued)

The reacquisition price exceeded the net carrying amount of the old debt by \$38,525,615. This amount has been netted against the new debt and is being amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt. This advance refunding resulted in an increase in aggregate debt service of \$94,938,174 over the next 22 years and an economic loss (difference between present value of the old and new debt service payments) of \$13,779,395 based upon projections of turbo bond redemptions.

The amount of defeased debt outstanding but removed from the Statement of Net Assets (Deficit) as of June 30, 2009 is \$595,835,000.

Note 5. Deficit Net Asset Balance

The deficit net asset balance will be paid with future MSA revenues and investment income. The payments to be received by the State of Iowa under the MSA represent a share of anticipated future sales of tobacco products. Although the Authority expects to receive certain amounts from the State, the collections are not assured.

Note 6. Tobacco Litigation Risk

The amount of revenue recognized by the State of Iowa and provided to the Tobacco Settlement Authority could be adversely impacted by certain third-party litigation involving tobacco companies and others.

Note 7. Pending Pronouncements

As of June 30, 2009, the GASB has issued the following statement not yet implemented by the Authority that may have a future impact as follows:

- GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, issued June 2008, will be effective for the Authority beginning with its year ending June 30, 2010. This Statement will improve how state and local governments report information about derivative instruments in their basic financial statements. The Statement specifically requires governments to measure most derivative instruments at fair value in their basic financial statements that are prepared using the economic resources measurement focus and the accrual basis of accounting. The guidance in this Statement also addresses hedge accounting requirements.

The Authority's management has not yet determined the effect this Statement will have on the Authority's basic financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's basic financial statements that is more than inconsequential, will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the basic financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*

This report is intended solely for the information and use of management of the Authority and is not intended to be and should not be used by anyone other than those specified parties.
